

Sara Hadad-Dembs Biography

Sara grew up in a family who owned a retail furniture store that was a central business for over 100 years in a town of 10k in Southern Colorado. My father served for many years on the chamber board and was deeply involved in making his community better in that role. I witnessed firsthand the importance of the relationship of the Chamber of Commerce in supporting local businesses and working in conjunction with the city government to make decisions that improved the community. Sara moved to Southeast Alaska in 2015 with her husband.

Sara's interest in serving on the board of the Sitka Chamber of Commerce is focused on two elements. As a business owner on Lincoln Street, I am directly affected by chamber decisions and therefore have a natural regard for helping make those as positive as possible for all of the Sitka Business district.
